## Good Program For Next O.A.P.O. Meeting

The White Rock branch No. 11 of the Old Age Pensioners' organization are holding their regular monthly meeting at 2 p.m. on Wednesday, April 14th, at the White Rock hotel.

A number of important business items are on the agenda, and the delegation will give its report of the meeting with the Surrey Municipal Council in regard to the question of free Medical Services and Drugs for Old Age Pensioners.

The entertainment committee has prepared a very attractive programme for the afternoon, including solos by Mrs. Parrott and Mrs. Bennetson, also community singing.

Mrs. Garland Foster will be the guest speaker. The subject of the afternoon's programme is to be based on "The Mission of Flowers to Life. Come and spend an enjoyable afternoon with the members and friends of the O.A.P.O.

## WHY I SHOULD JOIN THE LEGION

At the Legion monthly meeting held in the Pier rooms, April 6th, there was a good attendance and an interesting talk was given by a member of the Air force who has just returned from England. He spoke very highly of the Legion War Services and that a number of the troops had taken advantage of the educational services sponsored by the Legion, from one camp of over 40 men 73 have taken advantage of it.

He spoke of the Club run by the Legion in London and the wonderful accommodation it gives the troops on leave in London. This Club contains reading rooms, rest rooms and all necessary services of homelike comfort.

All veterans, he urged, should be doing a wonderful work for the Veteran of the last war and the help it is giving the men of this war.

The men of this war are looking to the Legion for help in solving their problems when they return to Canada and many of them are stating will join the Legion when they return.

There will be a whist drive at the Pier rooms Saturday, April 10th. Four prizes will be given. Tickets are still on sale for the \$25.00 War Certificate.

## Fibre Flax Mill For White Rock District

A new company has been formed, called Fraser Valley and Penticton Cooperative Association and the officers were elected at the first annual meeting held in the council chambers, City Hall, New Westminster, on Thursday evening, April 8th. The president is L. L. Jensen, owner of the Westerly farm, Hazelton and the secretary is D. E. MacKenzie. One of the board directors is H. Klein, Campbell River road, along with six others from various districts.

The purpose of the association is to build a \$109,000 flax mill and have the produce of about 1100 acres in the Fraser Valley, which is already signed up by farmers in various districts. The mill is to be situated on part of Gus Newman's farm, between the Pacific and King George Highways on the

## Red Cross Drive Ends Favorably

Up to date contributions to the National Red Cross Drive for the White Rock Branch amount to \$1163.00 made up as follows:

Present-Ocean Park ..... \$303.00  
Penny Drive by pupils of  
Semi-Moon High School ..... 25.00  
Proceeds of Show by Mr.  
Graham, Park Theatre ..... 40.00  
White Rock Area ..... 793.00  
Total ..... \$1163.00

Great credit is due to Mrs. Nelson who was in charge of the Present-Ocean Park area and to Mr. H. Foley who was the Campaign manager for the White Rock Branch.

My thanks are extended to all who assisted in bringing the drive to a successful conclusion.

C. G. Boukus,  
President.

## A. R. P. WARNING

We wish to thank the citizens generally for their co-operation in carrying out Dim-out regulations. There are a few citizens, however, who seem to think it unnecessary to carry out regulations, although some of them have been warned by wardens so to do. On Saturday night, April 3rd, we noticed five homes on Washington avenue whose windows were undimmed and direct light showing. We also had reports from other sections that windows were not dimmed. Might we urge that regulations be lived up to. Our information is that unless regulations are obeyed we are liable to an entire Black-out. This would not only incur considerable expense to home owners and business premises, but would be a great inconvenience and especially so during the summer season, when we hope to have an influx of population.

Thanking you again and soliciting your continued cooperation on behalf of our wardens.

Yours for Service,  
James J. Marshall,  
District Warden.

## ATTENTION PRO REC MEMBERS

Mr. Rubin would like all those who are able to attend a meeting at the Blue Moon hall next Wednesday, April 14th, at 8 p.m. to discuss the closing of our season here. Please come, this is urgent.

Mrs. C. Matheson,  
Pro Rec Member.

Campbell River road. After considerable investigation, this site was chosen, having paved roads, electricity and suitable water for the treating fibre flax.

Construction will start almost immediately, in order to be ready for the harvest this fall. The plant will employ between forty and fifty men the year round. Other plants will be built in the future to take care of the industry as it develops. The Surrey Council has agreed to give every possible assistance.

There is a ready market for the products of this mill and it will be of benefit to the White Rock district. Several of the local farmers worked very hard in getting it located here. Among those attending the meeting were: Dr. Pata, members of the Legislature, Iveson Brown and Mr. Lemieux, trustee of the White Rock Board of Trade.

## NEIGHBORS

By QUEEN

Whatever might be said of the community spirit, or lack of it, in White Rock it seems to be a fact borne out by experience that the good people of this community know how to practice to the full the policy of being good neighbours.

Many's the story to be heard of the kindly acts of "our neighbours" and to these Queens can fully and gratefully subscribe.

I was taught certain things in my youth along the lines of being a good neighbour, but they were mostly of a negative character it seems—the things Not to do; such as not to bear false witness against my neighbour and not to covet the things that belong to my neighbour. But White Rock neighbours go far beyond these don'ts for they practice neighbourliness of a positive character; something much more important and much more effective when it comes to easing the road of life and cheering one on one's way.

Perhaps nothing so affects one's personal happiness, outside one's immediate family and household, as the knowledge that one's neighbours are made of the "right stuff"—that they can be turned to with confidence for help and advice in an emergency and that they can be trusted. This seems to be just what one may do in this community. For at any instance confidence can be given of kindly, neighbourly acts of both a material and a moral kind; for neighbourliness may be of the word as well as of the deed.

Due to the unusually long cold winter fuel became scarce in some households yet, out of their rapidly diminishing stocks, wood and coal was shared by one neighbour and another. Here was an act of the highest—almost courageous—character, under the circumstances then prevailing. Another case was where manual help was hurriedly rendered in an emergency; this was forthcoming. The giving of garden plants and seeds as well as of fruit and vegetables seems to be the order of the day here often almost to the extent of embarrassment to the recipient: full measure and flowing over: so to speak.

But not less important are those traits and those evidences of character which seem to surround one in White Rock. The smile, the word of cheer; reliability, during one's absence and the honest desire to give a word of disinterested advice are all part of neighbourliness.

My creed, said one, may be summed up in a dozen words: "Do the best I can to make possible a heaven on earth." Such a person should at least be a good neighbour.

Perhaps the motto that has been placed in the entrance of the White Rock hotel by Ross MacNicol, well fitting with the good neighbour feeling prevalent in our community:

"I shall pass through this world but once."

Any kind thing therefore I can do for any kindred that I can show let me do it now, for I shall not.

Pass this way again."

## BLOOD DONORS

More volunteers wanted to join the contingent of blood donors sponsored by the Board of Trade be to Vancouver at 6 p.m., April 21. You can do your bit by adding your name to the list at Amos' store.

## Comrade Foley Past Pre's Badge

A short programme would precede the address of the evening, said Mr. Jure, president of the Legion, in opening the meeting on Monday in the White Rock hotel, Mr. McGrath, in charge of the programme, then called on Mrs. W. W. Wood for a solo, accompanied by Miss Joan Allen, "Land of Hope and Glory". Two recitations followed, one by Lorna Ross the other by Margaret Oldham.

Comrade Foley was asked to step forward and Mr. MacNicol, with a few remarks pinned on him the badge of a past president. Mr. Foley in reply said it was an honor to wear the badge.

This was followed by a dance by Little Lorna Ross.

In opening, his address Mr. MacNicol said he had been a full time executive since 1927 and that he had taken years to build up a fair pension service. It was in 1925 when Lord Taitz visited Canada that the Legion was founded. Lord Taitz had done a great deal in starting the R.E.S.L. in England. Mr. MacNicol spoke of the number of branches in Canada and the States and of the sister organization, the W. A. who had done a wonderful job, that they could by the extent of their work to include the wives of the younger generation who are now in the armed forces.

Talking of the men in the armed forces he said that the men of the merchant marine are not given all the credit they should get. Veterans allowances were now \$36 for single and \$50 for married men.

Of his work in England he said that the War Services was very efficient and was doing good work along educational lines.

He was never in a serious raid, and though Britain quaked fit and prepared for any invasion or raid, though, at one time it was very good. It had been as for soldiers in camp than civilians in bombed cities.

We have done our best to relieve boredom, there are three hostels now providing for 240 nightly, and food packs meals, 700 marriages had taken place and when they come back would make a good class of immigrants. In regards to sports the British Government is doing all it can.

The resistance of the Russians was able to put up against the Germans, and even in their wilderness in training so many civilians in the use of arms, etc. before the war. He asked the question, have we sufficient men for replacement when the Canadians go into action. It was unfair that the men in uniform should refuse to go overseas' conception should be put into effect.

Regarding post-war the men did not want to come back as previous conditions.

Two or three questions were asked and the meeting concluded with a vote of thanks to Mr. MacNicol.

Mrs. and Mr. H. E. Baker, 1354 Parker street, announce the arrival of a son, Edward John, March 28th, at 8 p.m. Mrs. Baker is enjoying the last weeks through with his wife and son.

The next regular meeting of the White Rock Women's Institute will be held Thursday, April 15th, at 2:30 p.m. in the Pier room. Roll call for the meeting will be at "Home Remedy" or a Household Hint."

## Whist Series Auxiliary Ends

The last game of the Military Whist series run by Mrs. T. McEwen, closed last night. The entertainment committee for the Ladies Auxiliary to the Army and Navy Veterans of White Rock, was concluded on the evening of March 31st. The special prize was won at table 3 by cutting with twenty-two foreign flags on this game. The winners having won twenty-five in the February game. At this same table won twenty-five flags in the February game. At table 3 for this game the players were: Mr. Robert Dutt, captain, Mrs. Landreth, Mrs. Brown and Mrs. A. Phillips, Victoria avenue. The players at table 2 were the same as at table 3 in the February game, namely: Mr. R. MacEwen, Mrs. Annie Phillips, Mrs. Harrison and Mrs. McEwen who lost out on the cut for the special prize.

Usually No. 7 is considered to be a lucky number, I feel sure here in White Rock No. 3 is lucky, especially for Mr. Dutt, who also won the regular prize.

Great goes to Mr. McEwen, and her helpers for running the series, which were quite a help to the Auxiliary and much enjoyed wonderful job, that they could by the extent of their work to include the wives of the younger generation who are now in the armed forces.

Talking of the men in the armed forces he said that the men of the merchant marine are not given all the credit they should get. Veterans allowances were now \$36 for single and \$50 for married men.

Of his work in England he said that the War Services was very efficient and was doing good work along educational lines.

He was never in a serious raid, and though Britain quaked fit and prepared for any invasion or raid, though, at one time it was very good. It had been as for soldiers in camp than civilians in bombed cities.

We have done our best to relieve boredom, there are three hostels now providing for 240 nightly, and food packs meals, 700 marriages had taken place and when they come back would make a good class of immigrants. In regards to sports the British Government is doing all it can.

## A. R. P. NOTICE

The next meeting of the White Rock A.R.P. will be held at the Legion hall on Monday night, April 12th, at 8 p.m. Controller Hooper, of Cloverdale, will preside and will address the gathering on R.P. The next regular meeting on Tuesday, May 4th, at 2:30 p.m. as there are quite a number of new members to go through the initiation ceremony.

## LACROSSE

White Rock Lacrosse team met last night in a hard fought game with a score ending at 22 to 9 for White Rock.

Scores for White Rock were: Ross—5, Burpee—2, Anderson—2, Neatman—1, Brown—1, Allen—2, Atwood—2, Roberts—1, Brown—1, Stanger—1.

Newton scores were: Peterson—6, Bergstrom—1, Johnson—1, Dugan—2.

Both Melville Woodward and Forbes played well. Come and give the boys your support at the next game.

Sunshine A.R.P. will meet Wednesday evening, Mr. J. Marshall, District Warden, will be on hand. The starting of a home nursing class will be discussed. A good turn out is hoped for.

Mr. Darvish has now moved in to a new bar house he has been building on his property on Campbell River road.

## Your Local Newspaper

Is an asset to any community if it tries to live up to the best interests of the community in which it is published. It records all the happenings of the district and thus advertises the town in which you live as it travels far and wide. And as long as there is a newspaper it keeps the town before the eyes of outsiders, who in many instances are induced to come and live or even visit in the district from which it comes. Some may not think much of it, may be it is the old case of familiarity, yet they would miss it if it did not come into the home.

How much do you value your local paper? Do you go to it when you want a little publicity for yourself or the organization you represent and then turn round when there is some work to do and go to an outside place to have it done? Or do you boost it as much as you can, and help it along with what there may be to do? Newspapers give away a lot of space sometimes to benefit local effort, and yet space is their stock in trade, it costs money to set up the material that goes to make up a newspaper.

So always remember to help your paper along, and in so doing help yourself, for a live paper helps the town in which you live.

Let the SUN shine in your home.

YOUR FARM MOTORS

With electric motors—even for farm use—all but impossible to get and replacements subject to priority rating, proper care and service of your present motors is a mighty important consideration.

Check bearings and brushes, clean commutators and terminals, use only proper lubricants. Don't neglect a noisy or hot running motor—check it immediately, because the motor you have now must serve for the duration.

Copper Wire  
Goes To War

Vast quantities of copper wire are needed for the war efforts of the United Nations. The wire goes into aeroplanes, ships, tanks and innumerable other things. Copper is also required for many other purposes than wire. There is not enough copper to go around, so the Government has severely restricted the use of wire in the telephone business. We must therefore forego adding materially to our lines and equipment until after the war. This is the reason why many people who want telephone service are now unable to get it.

"Eating your cake" means prolonging the war—it means added suffering for the people of countries dominated by the enemy and prolonged anxiety here at home. It means the needless sacrifice of the lives of brave men.

"You can't have your cake" in the form of extra buses for civilian transportation. Our present facilities must do the job of handling passenger traffic on a wartime basis. Mass transportation is part of the job of maintaining our war industries at peak efficiency.

## Guard Your Gasoline Ration Book

KEEP IT ON YOUR PERSON • DO NOT LEAVE IT IN YOUR CAR

NOW that you have your 1943-1944 gasoline ration book, it is up to you to keep it at all times in a safe place. If it is lost, burned, or stolen, you will be deprived of coupons which will not be replaced. In this regard, the policy of the Oil Controller is as follows:

- If, through negligence, you lose your gasoline ration book before October 1, 1943, you may be allowed no more, and perhaps less than half the coupons to which you would be entitled if you were making an original application.
- If, through negligence, you lose your ration book on or after October 1, 1943, you may be allowed no more, and perhaps less than 25 per cent of the coupons to which you would be entitled if you were making an original application.

The new gasoline rationing system, effective on April 1, will be strictly enforced. Under its provisions, the motorist, as well as the service station attendant, is held responsible if any infractions occur. It is contrary to the orders of the Oil Controller:

- 1 To purchase gasoline with 1942-1943 coupons.
- 2 To purchase gasoline unless you have the correct category sticker affixed to your windshield.
- 3 To detach coupons from your own book. (The removal of the coupons is the duty of the attendant.)
- 4 To have in your possession a gasoline ration coupon not attached to, and forming a part of, a gasoline ration book.
- 5 To have in your possession a gasoline ration book other than the book issued in respect of a vehicle you own, or in respect of a vehicle driven by you with the full consent of the real owner.
- 6 To alter, deface, obliterate, or mutilate any gasoline ration book or coupon.

... and when you buy a Victory Bond, to help Bill, and other boys on active service, you do something that will benefit you too. You save money. It's really a mistake to say that you "buy" a Victory Bond. You are not buying anything. You are saving money, and putting your savings where they will be absolutely safe, and where they earn money for you. (Each \$100.00 Victory Bond earns \$3.00 a year—3% interest.) You are likely producing more, and earning more. You can save more. You are not buying some things; you can't get them. You are buying less of many things—they're rationed. You can't help saving more. See to it that your savings are kept intact— earmarked for things you will need when the war ends. You will have to replace things that are worn out. You will want a lot of things. Money saved and invested in Victory Bonds will provide cash to pay for them.

### WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest.

A Victory Bond is an asset more readily converted into cash than any other security.

You can buy Victory Bonds for cash in a lump sum, or you can arrange to pay for them in convenient instalments over a period of six months.

Your Victory Bond salesman will be glad to tell you full particulars.

Ottawa—Hon. Anthony Eden, British Secretary of State for Foreign Affairs, shown chatting with Prime Minister W. L. Mackenzie King a few moments after his arrival in Ottawa. Mr. Eden flew from the United States in the same huge bomber which carried him across the ocean. He addressed a joint session of the Canadian Senate and the House of Commons during his brief stay.

## The Department Of Trade And Industry

has for its functions:

- (A) The marketing of British Columbia's natural and manufactured products extra-provincially and abroad.
- Assisting and advising in all problems relating thereto.
- (B) Compiling and publishing complete and accurate statistics of British Columbia's industrial and economic aspects.
- Undertaking and presenting surveys of industrial and economic questions.
- (C) Fostering and developing recreational travel.
- Giving dependable information to prospective settlers.
- (A) THE BUREAU OF INDUSTRIAL AND TRADE EXTENSION maintains close contact with all Canadian Government Trade Commissioners, and works in harmony with the Dominion Government, the Canadian Manufacturers' Association, Boards of Trade, and all interested bodies.
- It has been instrumental in finding new outlets to replace disrupted markets, and is already planning for the day when peace-time relations will be resumed and peace-time contacts renewed and strengthened.
- (B) THE BUREAU OF ECONOMICS AND STATISTICS is organized to present the complete picture of British Columbia's industrial situation at any time. It operates as a fact-finding and advisory body, for research in all fields of industrial and economic effort.
- (C) THE BRITISH COLUMBIA GOVERNMENT TRAVEL BUREAU has been active for years in publicizing British Columbia as a recreational centre, and in fostering recreational travel. While shaping its policy to conform to war-time restrictions, it is still active in keeping British Columbia prominently before the travelling public of the North American Continent, against the day when those restrictions will be removed. It is also an active and highly successful agency for settlement.

Since the outbreak of hostilities, the Department of Trade and Industry has maintained a representative in Ottawa, who is in constant touch with all purchasing agencies of war materials. British Columbia was the first of all the provinces to take such action, and the results are clearly apparent in the volume of contracts placed with British Columbia manufacturers and producers.
